**DETAILED ACTION**

**Priority**

1. Receipt is acknowledged of papers submitted under 35 U.S.C. 119(a)-(d), which papers have been placed of record in the file.

**Claim Rejections - 35 USC § 102**

2. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

3. Claims 21-48 are rejected under 35 U.S.C. 102(b) as being anticipated by Abuyama (US 5,144,452).

With regard to claims 21-48, Abuyama either explicitly or inherently discloses all of the claimed limitations as is evidenced by the fact that Abuyama discloses an image forming apparatus that uses a masking technique to duplicate an image corresponding to a received image (col 6, line 54 – col 9, line 19).

***Response to Arguments***

4. Applicant's arguments with respect to claims 21-48 have been considered but are moot in view of the new ground(s) of rejection.
